

Officials Report

The 2025-2026 season was a successful one. We started the season in a tough position, with only 3 local refs, but we were very lucky to have two fathers take the officials course. They have progressed very well, and I hope to see them continue on. In addition, several refs from outside the association were able to support us in covering our games.

There were minimal issues with abuse of officials, and I would like to continue to see an emphasis placed on respect in sport.

I also hope to see a few more officials join us next season, especially our U16 age players.

Heather Somers
Director of officials
